Contact information:

Cell Phone: +98 9111148273

Office phone: +98 1132190624

DATE OF BIRTH

(April, 14, 1973)

CURRENT POSITION

Associate Professor, Faculty of Medicine, Babol University of Medical Science
Public health & Gerontology Department, Babol, Iran

EXPERIENCE:

TEACHING EXPERIENCE

- Management in anesthesia for undergraduate students
- Management in the operating room for undergraduate students
- Principles of management in health services for undergraduate students
- Management in midwifery for undergraduate students
- Population and family planning for undergraduate students
- Principles of epidemiology for undergraduate students
- Management of nursing services for undergraduate students
- Research methodology in health sciences for undergraduate students
- Principles of Health Planning for undergraduate students
- Emergency aid for unexpected events for undergraduate students
- Management and organizational behavior in the hospital for undergraduate students
- Health Services Management for public health student
- Health Economics for public health student
- Health system in Iran and the world for public health student
- In and out-of-hospital relationships for Master degree students
- Organization and management of health care in Iran for Master degree students
- Comparative study on healthcare for Master degree students
- Health Economics for Master degree students
- Principles of Management in Elderly Centers for Graduate Students in Elderly
- Management in dentistry services for dental students

- Health Economics in dentistry services for dental students
- Clinical Governance for Dental Students
- Medical practices for medical students
- Patient Safety for medical students
- Health management for infectious assistants
- Management and Clinical Governance for Dental Assistants
- Management theories for Ph.D. students
- Management seminar for Ph.D. students
- Multiple research and management in traditional medicine for Ph.D. students

TECHNICAL EXPERIENCE

- Health Economics
- Strategic Planning
- Operational Planning
- Cost – Benefit Analysis
- Electronic Learning
- Financial Management

BOOK PUBLISHING

- Globalization of Hospital Services
- The Learning Hospital
- Access to Medical Services in the Health System
